

# Best Buy has teamed up with Rithum to enhance their drop-ship program

Drop-ship programs managed by Rithum enable retailers to meet delivery expectations and improve customer experience.

Rithum has the technical know-how and drop-ship expertise to connect you to our network quickly and support your growth with the tools and services you need to be successful.

Order Management	Reporting	Support
<ul style="list-style-type: none"> <li>Quickly load required inventory data</li> <li>Receive orders in the format you choose</li> <li>Send compliant confirmations, cancellations, and inventory updates</li> <li>Print Best Buy-branded packing documents for a seamless customer experience</li> </ul>	<ul style="list-style-type: none"> <li>Receive automated alerts for late and soon-to-be-late orders</li> <li>Track order status and review order history</li> <li>Gain insight into valuable performance metrics to help improve your business</li> <li>Create comprehensive searches to track your business</li> </ul>	<ul style="list-style-type: none"> <li>Reach out to support teams</li> <li>Gain access to on-demand help and interactive learning content</li> <li>Use detailed technical documentation to help meet your retailer's expectations</li> </ul>

Rithum™ is the industry's most influential and trusted commerce network, helping brands, retailers, and suppliers work together to deliver connected e-commerce experiences.

## Two Ways to Connect

Rithum gives you the flexibility to connect in a way that suits your business

### Rithum's web app (Browser Connection)

Easy and cost-efficient, this is an ideal starting point for growing your order volumes

Rithum's web app provides you with all the tools you'll need for order fulfillment, and provides access to powerful reporting capabilities to improve your business.

### Standard supplier pricing for browser connection:

Initial setup fee	\$750
Monthly subscription fee	\$100
Per-order fee	\$0.75

Pricing subject to change.

### Automated Data Exchange (Integrated Connection)

Process high order volumes with an automated connection

Automate and accelerate data exchange using industry standard file formats and communication protocols while maintaining access to powerful reporting capabilities in Rithum's web app.

### Standard supplier pricing for integrated connection:

Initial setup fee	\$1,750
Monthly subscription fee	\$100
Per-order fee	\$0.75

Additional fees apply for AS2 connections. Pricing subject to change.

## Next Steps

You'll receive an invitation to Rithum with next steps to help you make the most of your Best Buy connection.
